#### Floral Diversity within the campus

Nirmala College of Commerce, which was established in the year 2007, has eco-friendly environment since then. It has long legacy of healthy environmental practices periodic awareness, preservation and maintenance. As very much common in Mumbai City the college campus is limited to its plot premises hence having very little scope for plantation within. College practices awareness camps, seminars and trails to fulfil the backlog. The campus contains total 62 Trees where 51 existing since earlier period and 11 are planted in last two years. Each Tree is given number for purpose of recording.
